To Know Christ and Make Him Known

POPULI CALENDARS

08/27/16 dl

There are two kinds of calendars on Populi. One is the **general calendar**. All students have this. You find it by clicking on Calendar .

Notice that you can choose what calendars to show. We recommend that you click the box next to all three.

My Calendar: dates you put for your own appointments, engagements, &c.

School Calendar: maintained by the Registrar's Office, this lists all important academic dates for the College. Everything in the Academic Calendar on the Registrar's Office home-page is here also.

My Courses: all the meeting times for your regularly-scheduled on-campus courses, including final exams (if any) for Fall and Winter courses. This excludes individually-scheduled courses (for example, Directed Studies, Practica), most Aviation courses, and BVC/PMA courses. You can see more about any entry by clicking on it . Click on the 'More' button to get all the information available about that meeting or event, including location.

You can view the calendar by day, week, or month . Navigate by clicking on the right or left arrow.

To get out of the Calendar, click on 'College Management' on the top black bar.

Each course also has its own **course calendar**. To find it, go to Registration under My Profile. Click on a course id...
