What Should I Take?

- This document is a convenience to help you schedule courses. The Degree Audit on your Student Portal is the authority for program requirements. If there is any discrepancy between these two, follow the Degree Audit.

- Your course plan may depend on the year you started at Prairie. For example, if your first semester was 2014 Fall, follow the course plan for ‘Entry year 2014-15.’ (If no entry year is listed, the plan is the same for all students.)

- If you’re graduating next year and there is no course plan for you below, simply follow your Degree Audit. If a course isn’t offered, please see us or your program coordinator for a substitute.

- If you’re not graduating next year, please follow the appropriate plan below. Be sure to schedule any courses you’re missing from prior years.

All courses are 3 credits unless shown otherwise in parentheses.

Courses in italics are ones you may have taken, or that may be required by your Degree Audit, if the program has been revised since you enrolled. Where there are differences, take the classes shown on your Degree Audit.

Questions or problems? Confused? Talk to your program coordinator or one of us in the Registrar’s Office (Cheryl McLim, Douglas Lewis). We’ll be pleased to help!
